PROPERTY MANAGEMENT,
REIMAGINED FOR KENYA

Manage property. Simplify living.

A connected platform for landlords,
managers, agents and tenants.

HAOO

SEE WHAT MATTERS

One clear view of your property business.

Replace scattered spreadsheets, paper trails and message threads with a shared source of truth.

Less chasing. More control.

Keep the people, money and work around every property connected.

- ✓ **Know what is occupied** and what is ready to list.
- ✓ **Track rent and receipts** with a clearer payment history.
- ✓ **Follow every request** from report to resolution.
- ✓ **Make informed decisions** with portfolio and financial reporting.

EVERYTHING IN RHYTHM

Run the business, not the paperwork.

KSh

Rent & payments

Track balances, digital payment workflows and tenant receipts—including M-Pesa.

Properties & units

Organise portfolios, occupancy, vacancies and property details.

Leases & screening

Support tenant applications, screening and digital lease workflows.

Maintenance

Capture issues, assign work and keep progress visible to the right people.

Vacancy marketplace

Publish available homes and receive tenant applications online.

Reports & communication

Turn activity into insight and keep stakeholders informed.

FROM LISTING TO LIVING

A better rental experience, end to end.

1

Fill vacancies with confidence

Present available homes clearly and give prospective tenants a simple path to apply.

2

Move in with clarity

Keep tenant information, screening and lease workflows organised from the start.

3

Make every month easier

Give tenants a convenient place for payments, receipts, utilities and requests.

4

Grow with visibility

Use connected records and reports to manage more units without losing the human touch.

Local by design. Built for the realities of property management in Kenya, with familiar digital payment journeys and role-based access.
